

NETWORKING FOR SUSTAINABILITY

July 2011

Many streams of thought and action flow towards our ideal of a sustainable society. We all play our part, and the movement is strengthened when we are aware of what others are doing. Members may wish to use this list of groups working towards sustainability.

Climate change

- 100% Renewables - www.100percent.org.au
- 350.org international movement - www.350.org
